About ATC

American Telephone Company is more than a Competitive Local Exchange Carrier; ATC is an end-to-end telecommunications consulting and management company. Our vision is to provide businesses with consultative voice and data solutions, unparalleled service and industry best customer care. We deliver a vast array of telecommunications solutions including voice, data, Internet, VoIP, hosted PBX, as well as cloud solutions.

American Telephone Company offers telecommunications solutions and services that are second to none in quality, versatility and cost competitiveness. ATC has partnered with facilities based carriers that include RBOC's, Broadband Providers and CLEC's to offer our customers a complete variety of turnkey solutions. The ATC product portfolio offers solutions that will help your business maximize profit while minimizing hassle and cost. Central to ATC's success is our commitment to industry best customer care. As part of that commitment, every ATC customer is assigned a personal Customer Care Specialist who will act as a single point of contact to help meet the needs of your business.

☑ **Better Solutions:**

We pride ourselves on providing customized cost effective solutions to enterprises of all sizes. We offer a wide range of voice and data solutions and will help you select the service best suited to your business needs. Our goal is not to sell you services, but understand your business, uncover its' needs and to deliver a scalable solution.

☑ **Better Service:**

As an American Telephone Company customer, you'll be assigned your own Project Manager. Your Project Manager will act as a single point of contact to guide you through your transition to our services and assist you with any needs you might have throughout the on-boarding process.

☑ **Better Experience:**

What truly sets ATC apart is our commitment to doing what's best for our customers. Our customer specialists are empowered to make decisions on behalf of ATC to guarantee satisfaction.
