

Enhanced POTS (E-POTS)

ATC's Plain Old Telephone Service (POTS) replacement product is designed to provide businesses with an alternative solution to traditional copper POTS lines. With many feature rich benefits, such as Voicemail, Call Waiting, Call Forwarding, 3-Way Calling and Automated Failover, ATC's E-POTS takes this traditional product to the next level.

Benefits

- Dedicated Voice Rates
- Caller ID
- Nationwide Portability
- Call Forward on the fly
- Voice Mail to E-mail
- Failover

Flexibility

- Increase Line Count without Facility Checks
- Add Additional Service in Days not Weeks
- Utilize Your Existing Data Connection or ATC's

Savings

- Dedicated rates and calling plans
- Significantly Lower the cost of traditional POTS lines
- Volume and Term Discount Plans Available

Note: This service does not support Fax's, Alarms or Credit Card devices
